Delivering Specialist Wound Care Industry Knowledge

GERMANY: The family doctor's budget for open "materials used during a consultation" is a source of funding for Wound Care dressings.

UK: National listing on the Drug Tariff is only the start. Each Trust will then decide which products are permitted.

U.S.A.: Applications for new HSPCS codes for inclusion the following year need to be submitted no later than the first business day in January the year prior.

NETHERLANDS: Wound Care dressings for acute wounds are no longer reimbursed by insurance.

POLAND: Reimbursed dressings are available with approximately a 30% patient copayment.

ITALY: There is no National Reimbursement list for Modern Wound Dressings.

FRANCE: Anti-microbial dressings must be reimbursed by brand name and specific indications.
